Today we launch the Your Voice Counts consultation. This is your opportunity to let us know how you want us to run your council and what is important for us to focus on.

We want our Council Plan and Local Plan to be about what our communities want and need. We want to make sure that we are thinking sustainably for the next, and future, generations, as well as protecting and enhancing the fantastic environment in West Oxfordshire.

Over the next four weeks you have the chance to make these plans the right fit for the people of West Oxfordshire.

The consultation is open from today until 21 September and you can click on the below to visit the consultation website to have your say.
